Among the twelve learned societies which are to hold joint sessions with the scientific congress is one composed of noted savants of nearly every civilized country of the world, who are all devoting their lives to the study of America, with a view to obtaining new evidence that the western hemisphere is really older anthropologically than the so-called old world. These men, forming the International Congress of Americanists, after having met every two years since 1867 in nearly all of the great capitals of the world, are this year foregathering in Washington simply in order to carry on their discussions with the anthropological section of the Pan-American Congress.

"Here is the situation now," he said. "The quantity of shells fired in the recent September operations was enormous. The battle lasted days, even weeks, yet there was no shortage of shells. This was the result of four months' careful husbanding. Yet we replaced the whole amount in a month and hope soon to be in a position to replace a like quantity in a week."

Bids were opened this morning in the office of the supervising architect for Western theater of war: East of Hulthe Treasury Department. There were tuch a German division captured a thirteen changes provided for, departing from the original specifications. Allowances made were figured separate-ly for each of these changes, so that if the bids show a permitting margin under the appropriation some of the items may be reasoned. The low bid of W. G. Cornell Company gives a margin of \$96.650 under the appropriation, while that of George T. healy provides a \$55.104 margin. Budders on separate items of the specificultions are to be permitted to rever their figures. It is expected that the pids will be filed during the week.

MONTENEGRIN STATEMENT. CETINJE, December 20, via Paris, December 21: December 17 enemy outposts appeared

on the Kralievo-Gora-Chachoviech-Bielopol line. During engagements we captured more than 100 men. On the other fronts there were lively fusiliades.

ITALIAN STATEMENT. ROME, December 20, via London, De-

cember 21: In the Legro valley the enemy Saturday afternoon, in groups supported by an intense and sustained artillery fire, attacked our positions on Mount Coca, north of Lake Lendro. They were repulsed by our fire. The same fate overtook a surprise attack by enemy detachments against our lines in the Miliegrob district, on the pla-teau on the Torra and Astico valleys. Along the remainder of the front there have been artifiery duels.

## BRITISH STATEMENT.

LONDON, December 21 (statement dated December 20):

Opposite the southern and center positions of the line we bombarded several parts of the enemy's trenches. Hostile artillery heavily shelled St. Jean and Ypres this afternoon. It was also active against our front line and the support trenches southeast of Ypres during the day.

We replied by shelling the enemy's front line trenches along Zonnebeke, Sandvoorde, Gheluvelt and Tenbreil. Early today the enemy made a bombing of Hulluch. The attack was re-

In the Baltic Friday we sank the cruis-

In the Caucasus Saturday our scouts, under Ensign Kolessbikoff, in the region of Schihan, northwest of Olti, approached within fifty paces of a Turkish outpost and attacked it with the bayonet, killing part of the garrison and scattering the remainder. Eastern theater of war: During the night of December 19-20 an advanced Russian division had occupied the village of Dekschi, southeast of Widsydey, which is located near our front. Yesterday the Russians were driven out. South of Lake Wigonowikeji and near Cosenichnowka, northwest of Czartorysk, enemy re-connoitering divisions were repulsed.
